

# ADAM ALEXANDER CAMPBELL

---

## EXPERIENCED TECHNICAL PROFESSIONAL

---

Result-driven and highly dedicated Graduate Software Engineer with a great understanding and knowledge of software development and wider technical theories surrounding computer science. Proven expertise in resolving and identifying problems. Excellent communication and interpersonal skills with the ability to work well in a team and always contribute as much as possible. Quick learner with the ability to adapt to new working environments easily.

## EDUCATION

---

**Heriot-Watt University** **Edinburgh, Scotland**  
*Bachelor of Science in Computer Science (Software Engineering)* *2016-2020*  
Awarded Honours of the First Class

---

## AREAS OF STRENGTH AND EXPERTISE

---

- PHP
- Swift
- Bash
- Javascript
- Java
- Git
- HTML/CSS
- Python
- SVN

## EXTRA-CURRICULAR ACTIVITIES

---

**Heriot-Watt University** **Edinburgh, Scotland**  
*Lab Assistant* *September 2019 – June 2020*  
Assisted fellow students by answering any of their Computer Science related questions, often breaking down their questions into smaller, more manageable, tasks thus giving them an idea of what is being asked.

## KEY ACCOMPLISHMENTS AND AWARDS

---

**Deputy Principal's Award for Computer Science** **Edinburgh, Scotland**  
Awarded for maintaining an average grade of A throughout my third year of university.

**Scott Logic AI coding challenge** **Edinburgh, Scotland**  
*1<sup>st</sup> Runner Up* *October 2018*

**Sales Award, O2(Telefonica UK)** **Livingston, Scotland**  
Received award and prize from Samsung for consistently exceeding sales targets and demonstrating a vast knowledge of all Samsung Mobile products while actively promoting them. *March 2017*

Winner *June 2016*

**Class Merit prize, Computing at LEAPS Summer School** **Edinburgh, Scotland**  
Winner *August 2016*

## PROFESSIONAL EXPERIENCE

---

**Exterity (Scotland)** *January 2021 – Present Day*

### *Graduate Software Engineer*

- Further expanded upon Web Development and System Development skills, working with Back and Front-End roles.
- Demonstrated a strong ability to work from home while ensuring that work produced was still to a high standard.
- Aided in the development and testing of software towards strict deadlines, ensuring that all sprints were successful.

**Techno Brave Asia (Bangkok)** *July 2019 – September 2019*

### *Full Stack Developer*

- Demonstrated core understanding of Web Development practices and the use of frameworks such as Laravel.
- Interpreted client and team leaders requirements to ensure that project specifications were being satisfied.
- Adapted to a multicultural environment and worked as part of a team consisting of Thai and Japanese members.
